WHO WE ARE

We Don't Just Run Ads. We Build Your Online Growth System.

FortuneMarq is a digital marketing agency built specifically for local businesses in Karnataka. We're based right here in Hubli — we understand the local market, the local customer, and what actually works here.

Most agencies run ads, send you a report, and disappear. We work differently. Before we spend a rupee on ads, we build the foundation — your online presence, your visibility, your trust signals. Everything connected into one system that brings you consistent leads.

Every decision we make is backed by real data — keyword research, competitor analysis, and local market intelligence gathered specifically for your niche and your city. Not guesswork.

THE ONLINE GROWTH SYSTEM

FOUNDATION LAYER	Website Building · GMB Optimization	You exist online. People find you and trust what they see.
VISIBILITY LAYER	SEO · Google Ads · Meta Ads	You show up when people search. You reach people who don't know you yet.
ENGAGEMENT LAYER	WhatsApp Marketing · AI Automations	You stay connected with leads. Your business runs smarter.

RESULT: Consistent online leads. Growing brand trust. Market leadership in Gyms in Hubli.

YOUR MARKET

What We Found About The Gym Market in Hubli.

63,950 people search for gyms and fitness centres in Hubli every month. Your business — Xtreme Fitness — has a website, which puts you ahead of many competitors. But right now your website isn't capturing the traffic it should be.

That means every month, 63,950 people are actively looking for exactly what you offer in Hubli — and the majority are landing on competitor listings, directories like JustDial, or simply calling the first result that shows up. Your website exists but it isn't working hard enough for you yet.

63,950 people search for gyms in Hubli every month	3 local gym websites actually getting that traffic	 0 paid ads being run by ANY gym in Hubli right now

TOP 3 COMPETITORS — GYM NICHE, HUBLI

BUSINESS	AUTH SCORE	MONTHLY TRAFFIC	PAID ADS?	WEAKNESS
Xtreme Fitness	12 / 100	2,435 / month	None	Best in market but Auth 12 is still very weak
Hubli Gymkhana Club	6 / 100	123 / month	None	Legacy brand, only 9 keywords — ignoring SEO
Sanal Ladies Gym	<1 / 100	86 / month	None	Zero backlinks, no SEO — essentially invisible

■ This is fixable — and right now is the best time. Once your website starts ranking and paid ads are running, that monthly search demand starts coming directly to you. Every month you wait is another month that traffic goes elsewhere.

THE PLAN

What We're Building For You.

FOUNDATION LAYER

GMB Optimisation

Your Google Business Profile, fully set up and actively working to bring you local customers every day.
